

See vineyard agtech demos in real fields.

Join us in Hopland to see new agricultural technologies demonstrated in real production conditions.

DATE

June 30, 2026

TIME

8:30a - 11:30a

LOCATION

Hopland Research & Extension Center

Live demos

See vineyard technologies running in real conditions, with the founders on hand to answer questions.

Explore the farm

Walk Hopland REC with UC researchers and station staff to see how the site supports applied ag research.

Networking

Have lunch on us and meet the growers, advisors, startups, and partners shaping the next wave of California ag innovation.

TECHNOLOGIES ON DISPLAY
