

*Mendocino County Russian River Flood Control &
Water Conservation Improvement District*

STAFF REPORT

To: Board of Trustees
From: E. Salomone, General Manager
Meeting: Monday, October 3, 2022
RE: Agenda Item 8: Draft Audit of Financial Statements for Fiscal Year 2020-2021

The Strategic Plan relevant priority is to **Administer** through ensuring agency financials support plans and goals.

Background

At the August 8, 2022 meeting, the Board approved the engagement of Nigro & Nigro PC to conduct the Annual Audit of Financial Statements and Independent Auditor's Report for Fiscal Year 2020-2021 (Annual Audit.) The General Manager worked with the District's Bookkeeper to provide requested information to the Auditors. A draft of the Annual Audit was reviewed thoroughly by the General Manager and Bookkeeper.

Discussion

The Board is invited to comment and question the Draft Annual Audit. The Board may approve the draft and direct GM to finalize or provide further direction to the GM and consider approval at a future meeting.

Recommended Board Action:

- (1) Direct General Manager to communicate with Auditor any questions and comments on the Draft Annual Audit of Financial Statements and Independent Auditor's Report for Fiscal Year 2020-2021 and present updated Draft Audit to the Board at a future meeting for approval;

Or

- (2) Move to approve the Annual Audit of Financial Statements and Independent Auditor's Report for Fiscal Year 2020-2021 and direct General Manager to sign the management representation letter and other documents necessary for finalization.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Mendocino County Russian River Flood Control & Water Conservation Improvement District
Ukiah, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Mendocino County Russian River Flood Control & Water Conservation Improvement District (District), which comprise the balance sheet as of June 30, 2021, the related statement of revenues, expenses and changes in net position and statement of cash flows for the fiscal year then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of June 30, 2021, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of the District's Proportionate Share of the Plan's Net Pension Liability, Schedule of the District's Contributions to the Pension Plan, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Prior-Year Comparative Information

The financial statements include partial prior-year comparative information. Such information does not include sufficient detail to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2020, from which such partial information was derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a separate report dated August 31, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION IMPROVEMENT DISTRICT

Management's Discussion and Analysis (Unaudited)

For the Year Ended June 30, 2021

Management's Discussion and Analysis (MD&A) offers readers of Mendocino County Russian River Flood Control & Water Conservation Improvement District's financial statements a narrative overview of the District's financial activities for the year ended June 30, 2021. This MD&A presents financial highlights, an overview of the accompanying financial statements, an analysis of net position and results of operations, a current-to-prior year analysis, a discussion on restrictions, commitments and limitations, and a discussion of significant activity involving capital assets and long-term debt. Please read in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position increased 0.23% or \$2,555 from \$1,078,967 to \$1,081,522
- The District's total operating and non-operating revenues increased 0.25% or \$1,075 from \$427,548 to \$428,623, primarily from the increase in water sales.
- The District's total expenses increased 23% or \$83,751 from \$345,496 to \$426,068, primarily due to a \$75,000 increase in IWPC JPA payments.

REQUIRED FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Balance Sheet, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows provide information about the activities and performance of the District.

The Balance Sheet includes all of the District's investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for computing a rate of return, evaluating the capital structure of the District and assessing the liquidity and financial stability of the District. All of the current year's revenue and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Position. This statement measures the success of the District's operations over the past year and can be used to determine if the District has successfully recovered all of its costs through its rates and other charges. This statement can also be used to evaluate net position and credit worthiness. The other required financial statement is the Statement of Cash Flows, which provides information about the District's cash receipts and cash payments for the fiscal period. The Statement of Cash Flows reports cash receipts, cash payments and net changes in cash resulting from operations, investing, non-capital financing, and capital and related financing activities and provides answers to such questions as where did funds come from, what was funds used for, and what was the change in funds balance during the reporting period.

FINANCIAL ANALYSIS OF THE DISTRICT

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of this year's activities?" The Balance Sheet and the Statement of Revenues, Expenses and Changes in Net Position report information about the District in a way that helps answer this question.

These statements include all assets and liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Management's Discussion and Analysis (Unaudited)

For the Year Ended June 30, 2021

FINANCIAL ANALYSIS OF THE DISTRICT (continued)

These two statements report the District's net position and changes to it. The District's net position is the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources. Increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, non-financial factors such as changes in economic conditions, population growth, zoning and the regulatory landscape needs to be taken into consideration when measuring the District's financial health.

Condensed Balance Sheets

	<u>June 30, 2021</u>	<u>June 30, 2020</u>	<u>Change</u>
Assets:			
Current assets	\$ 1,075,296	\$ 1,030,326	\$ 44,970
Capital assets, net	79,907	91,895	(11,988)
Total assets	<u>1,155,203</u>	<u>1,122,221</u>	<u>32,982</u>
Deferred outflows of resources	<u>24,734</u>	<u>24,736</u>	<u>(2)</u>
Total assets and deferred outflows of resources	<u>\$ 1,179,937</u>	<u>\$ 1,146,957</u>	<u>\$ 32,980</u>
Liabilities:			
Current liabilities	\$ 39,920	\$ 16,401	\$ 23,519
Non-current liabilities	58,024	49,635	8,389
Total liabilities	<u>97,944</u>	<u>66,036</u>	<u>31,908</u>
Deferred inflows of resources	<u>471</u>	<u>1,954</u>	<u>(1,483)</u>
Net position:			
Investment in capital assets	79,907	91,895	(11,988)
Unrestricted	1,001,615	987,072	14,543
Total net position	<u>1,081,522</u>	<u>1,078,967</u>	<u>2,555</u>
Total liabilities, deferred outflows of resources and net position	<u>\$ 1,179,937</u>	<u>\$ 1,146,957</u>	<u>\$ 32,980</u>

As noted earlier, net position may serve over time as a useful indicator of an agency's financial position. In the case of the District, assets and deferred outflows of resources of the District exceeded liabilities and deferred inflows of resources by \$1,081,522 as of June 30, 2021.

A portion of the District's net position (7% as of June 30, 2021) reflects the District's investment in capital assets (net of accumulated depreciation). The District uses these capital assets to provide services to customers within the District's service area; consequently, these assets are not available for future spending.

At the end of fiscal year 2021, the District showed a positive balance in its unrestricted net position of \$1,001,615.

FINANCIAL ANALYSIS OF THE DISTRICT (continued)

Condensed Statements of Revenues, Expenses, and Changes in Net Position

	<u>June 30, 2021</u>	<u>June 30, 2020</u>	<u>Change</u>
Operating revenues	\$ 365,904	\$ 341,434	\$ 24,470
Operating expenses	<u>(277,204)</u>	<u>(284,113)</u>	<u>6,909</u>
Operating income before depreciation	88,700	57,321	31,379
Depreciation expense	<u>(19,313)</u>	<u>(15,583)</u>	<u>(3,730)</u>
Operating income	69,387	41,738	27,649
Non-operating revenues (expenses), net	<u>(66,832)</u>	<u>40,314</u>	<u>(107,146)</u>
Change in net position	2,555	82,052	(79,497)
Net position:			
Beginning of year	<u>1,078,967</u>	<u>996,915</u>	<u>82,052</u>
End of year	<u><u>\$ 1,081,522</u></u>	<u><u>\$ 1,078,967</u></u>	<u><u>\$ 2,555</u></u>

The statement of revenues, expenses and changes in net position shows how the District's net position changed during the fiscal years.

A closer examination of the sources of changes in net position reveals that:

The District's net position decreased 0.23% or \$2,555 from \$1,081,522 to \$1,078,967.

The following tables present detailed breakdowns of the information presented in the condensed summary.

Total Revenues

	<u>June 30, 2021</u>	<u>June 30, 2020</u>	<u>Increase (Decrease)</u>
Operating revenues:			
Water sales	<u>\$ 365,904</u>	<u>\$ 341,434</u>	<u>\$ 24,470</u>
Total operating revenues	<u>365,904</u>	<u>341,434</u>	<u>24,470</u>
Non-operating:			
Property taxes	58,039	54,085	3,954
Shared USGS costs reimbursment	-	19,570	(19,570)
Water application fees	-	1,200	(1,200)
Investment earnings	<u>4,680</u>	<u>11,259</u>	<u>(6,579)</u>
Total non-operating	<u>62,719</u>	<u>86,114</u>	<u>(23,395)</u>
Total revenues	<u><u>\$ 428,623</u></u>	<u><u>\$ 427,548</u></u>	<u><u>\$ 1,075</u></u>

IMPROVEMENT DISTRICT**

Management's Discussion and Analysis (Unaudited)

For the Year Ended June 30, 2021

FINANCIAL ANALYSIS OF THE DISTRICT (continued)

Total Revenues (continued)

The District's total operating and non-operating revenues increased 0.25% or \$1,075 from \$427,548 to \$428,623, primarily from the increase in water sales.

Total Expenses

	<u>June 30, 2021</u>	<u>June 30, 2020</u>	<u>Increase (Decrease)</u>
Operating expenses:			
Salaries and wages	\$ 123,564	\$ 123,040	\$ 524
Employee benefits	30,258	31,288	(1,030)
Facilities and operations	9,391	7,464	1,927
General and administrative	104,599	113,791	(9,192)
Insurance	9,392	8,530	862
Total operating expenses	<u>277,204</u>	<u>284,113</u>	<u>(6,909)</u>
Depreciation expense	<u>19,313</u>	<u>15,583</u>	<u>3,730</u>
Non-operating expenses:			
USGS JFA payments	29,551	19,300	10,251
IWPC JPA payments	100,000	25,000	75,000
Grant- UV trail group	-	1,500	(1,500)
Total non-operating	<u>129,551</u>	<u>45,800</u>	<u>83,751</u>
Total expenses	<u>\$ 426,068</u>	<u>\$ 345,496</u>	<u>\$ 80,572</u>

The District's total expenses increased 22% or \$83,751 from \$345,496 to \$426,068, primarily due to a \$75,000 increase in IWPC JPA payments.

Capital Assets

The following provides a summary comparison of the District's capital assets at year end.

	<u>Balance June 30, 2021</u>	<u>Balance June 30, 2020</u>
Capital assets:		
Depreciable assets	139,850	132,525
Accumulated depreciation	<u>(59,943)</u>	<u>(40,630)</u>
Total capital assets, net	<u>\$ 79,907</u>	<u>\$ 91,895</u>

At the end of fiscal year 2021, the District's investment in capital assets amounted to \$79,907 (net of accumulated depreciation). The District's investment in capital assets includes land, transmission and distribution systems, tanks, pumps, buildings, equipment, vehicles and construction-in-process. See Note 3 for further capital asset information.

Notes to the Financial Statements

MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION IMPROVEMENT DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A. Description of Organization

On January 30, 1956 in their resolution No. 1983, the board of supervisors of Mendocino County declaring the results of a special election upon the proposition of a formation of an Improvement District within the Mendocino County Flood Control and Water Conservation District, to be known as the “Mendocino County Flood Control and Water Conservation Improvement District” (the District), and the incurring of the bonded indebtedness in the principal amount of \$650,000 and for the election of the first trustees of said District, and declaring and ordering the formation of said District. It is governed by a Statutory Authority G.L. 1949 Chapter 995.

The District was established by the County of Mendocino via statutory formation process set forth by Act 4830. Proceeds of the 1957 bond issue in the amount of \$650,000 were used to help finance the construction of Coyote Dam. In exchange for the fund proceeds, the District recovered rights to a portion of the water storage capacity held in Coyote Dam.

The district mission is to proactively manage the water resources of the upper Russian River for the benefit of the people and environment of Mendocino County.

The criteria used in determining the scope of the financial reporting entity is based on the provisions of Governmental Accounting Standards Board Statement No. 61, The Financial Reporting Entity (GASB Statement No. 61). The District is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The District is financially accountable if it appoints a voting majority of the organization’s governing body and: 1) It is able to impose its will on that organization, or 2) There is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

B. Basis of Presentation, Basis of Accounting

The District reports its activities as an enterprise fund, where the intent of the District is that the costs of providing goods and services (including depreciation expense) on a continuing basis be financed or recovered primarily through user charges.

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. Revenue from grants, entitlements, and donations are recognized in the year in which all eligibility requirements have been satisfied.

Operating revenues are those revenues that are generated from the primary operating activities of the District. The District reports the change in net position from operations as operating income in the statement of revenues, expenses, and changes in net position. Operating activities are defined by the District as all activities other than financing and investing activities (interest expense and investment income), grants and subsidies, and other infrequently occurring transactions of a non-operating nature. Operating expenses are those expenses that are essential to the primary operating activities of the District. All other expenses are reported as non-operating expenses.

MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION IMPROVEMENT DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position

1. Cash and Cash Equivalents

For purposes of the balance sheet and statement of cash flows, the District considers all highly liquid investments with a maturity of 90 days or less, when purchased, to be cash equivalents. Cash deposits are reported at the carrying amount, which reasonably estimates fair value.

2. Investments

Investments are reported at fair value except for short-term investments, which are reported at cost, which approximates fair value. Cash deposits are reported at carrying amount, which reasonably estimates fair value. Investments in governmental investment pools are reported at fair value based on the fair value per share of the pool's underlying portfolio.

In accordance with fair value measurements, the District categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement.

Investments recorded on the balance sheet are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stocks, corporate and government bonds. The District has the ability to access the holding and quoted prices as of the measurement date.

Level 2 – Inputs, other than quoted prices, that are observable for the asset or liability either directly or indirectly, including inputs from markets that are not considered to be active.

Level 3 – Inputs that are unobservable. Unobservable inputs reflect the District's own assumptions about the factors market participants would use in pricing an investment, and is based on the best information available in the circumstances.

2. Prepaids

Certain payments of vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

3. Capital Assets

Capital assets are stated at cost or at their estimated fair value at date of contribution. It is the District's policy to capitalize assets costing over \$2,000. The provision for depreciation is computed using the straight-line method over the estimated service lives of the capital assets. Depreciation lives of meters and equipment are seven years.

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

4. Deferred Outflows/Inflows of Resources

The statement of net position reports a separate section for deferred outflows of resources. This element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until then. Also, the statement of net position reports a separate section for deferred inflows of resources. This element represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources until that time.

5. Compensated Absences

The District's employee benefits provide for accumulation of vacation and sick leave. Liabilities for vacation leave are recorded when benefits are earned. Full cash payment for all unused vacation leave is available to employees upon retirement or termination.

6. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plans and addition to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at the CalPERS's website. Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	July 1, 2019 to June 30, 2020

7. Net Position

Net position is classified into two components: investment in capital assets and unrestricted. These classifications are defined as follows:

- **Investment in capital assets** - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation.

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

9. Net Position (continued)

- **Unrestricted** - This component of net position consists of net position that does not meet the definition of "investment in capital assets".

D. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

NOTE 2 – CASH AND INVESTMENTS

Cash and cash equivalents were classified on the balance sheet as follows:

<u>Description</u>	<u>June 30, 2021</u>	<u>June 30, 2020</u>
Cash and cash equivalents	\$ 1,066,429	\$ 1,006,772
Total cash and cash equivalents	<u>\$ 1,066,429</u>	<u>\$ 1,006,772</u>

Cash and cash equivalents as of June 30th consisted of the following:

<u>Description</u>	<u>June 30, 2021</u>	<u>June 30, 2020</u>
Demand deposits held with financial institutions	576,711	521,168
Local Agency Investment Fund (LAIF)	<u>489,718</u>	<u>485,604</u>
Total cash and cash equivalents	<u>\$ 1,066,429</u>	<u>\$ 1,006,772</u>

MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION IMPROVEMENT DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 2 – CASH AND INVESTMENTS (continued)

Demand Deposits with Financial Institutions

At June 30, 2021, the carrying amount of the District's demand deposits was \$576,711 and the financial institution's balance was \$592,230. The net difference represents outstanding checks, deposits-in-transit and/or other reconciling items between the financial institution's balance and the District's balance for each year.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District has a policy for custodial credit risk for deposits. Cash balances held in banks are insured up to \$250,000 by the Federal Depositary Insurance Corporation (FDIC) and are collateralized by the respective financial institutions. In addition, the California Government Code requires that a financial institution secure deposits made by public agencies by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

Local Agency Investment Fund (LAIF)

The California State Treasurer, through the Pooled Money Investment Account (PMIA), invests its funds to manage the State's cash flow and strengthen the financial security of local public agencies. PMIA's policy sets as primary investment objectives safety, liquidity and yield. Through the PMIA, the Investment Division manages the Local Agency Investment Fund (LAIF). The LAIF allows cities, counties and special districts to place money in a major portfolio and, at no additional costs, use the expertise of Investment Division staff. Participating agencies can withdraw their funds from the LAIF at any time as LAIF is highly liquid and has a dollar-in dollar-out amortized cost methodology.

The District is a voluntary participant in LAIF. The fair value of the District's investment in this pool is reported at an amount based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of the portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF. LAIF is not categorized under the fair value hierarchy established by GAAP as it is held at an amortized cost basis and it is Not Rated under the current credit risk ratings format. For financial reporting purposes, the District considers funds in LAIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology. As of June 30, 2021, the District held \$489,718 in LAIF.

NOTE 5 – PENSION PLAN

Summary

The following balances on the balance sheet will be addressed in this footnote as follows:

<u>Description</u>	<u>2021</u>
Pension related deferred outflows	\$ 24,734
Net pension liability	50,063
Pension related deferred inflows	471

Qualified employees are covered under a multiple-employer defined benefit pension plan maintained by agencies of the State of California known as the California Public Employees' Retirement System (CalPERS), or "The Plan".

A. General Information about the Pension Plan

The Plan

The District has engaged with CalPERS to administer the following pension plans for its employees (members):

	<u>Miscellaneous Plans</u>	
	<u>Classic Tier 1</u>	<u>PEPRA Tier 2</u>
	Prior to <u>January 1, 2013</u>	On or after <u>January 1, 2013</u>
Hire date		
Benefit formula	2.0% @ 55	2.0% @ 62
Benefit vesting schedule	5-years of service	5-years of service
Benefits payments	monthly for life	monthly for life
Retirement age	50 - 67 & up	52 - 67 & up
Monthly benefits, as a % of eligible compensation	1.8% to 2%	1.0% to 2.0%
Required member contribution rates	7.000%	6.750%
Required employer contribution rates – FY 2020	9.680%	6.985%

NOTE 5 – PENSION PLAN (continued)

B. General Information about the Pension Plan (continued)

Plan Description

The District contributes to the California Public Employees’ Retirement System (CalPERS), a cost-sharing multiple-employer defined benefit pension plan. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. A full description of the pension plan, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the June 30, 2020 Annual Actuarial Valuation Reports. This report and CalPERS’ audited financial statements are publicly available reports that can be obtained at CalPERS’ website under Forms and Publications.

At June 30, 2020 (Measurement Date), the following members were covered by the benefit terms:

Plan Members	Miscellaneous Plans		Total
	Classic Tier 1	PEPRA Tier 2	
Active members	-	1	1
Transferred and terminated members	1	1	2
Retired members and beneficiaries	-	-	-
Total plan members	1	2	3

All qualified permanent and probationary employees are eligible to participate in the District’s cost-sharing multiple-employer defined benefit pension plans administered by the California Public Employees’ Retirement System (CalPERS). Benefit provisions under the Plans are established by state statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to Plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for nonindustrial disability benefits after five years of service. The death benefit is one of the following the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each Plan are applied as specified by the Public Employees’ Retirement Law.

IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 5 – PENSION PLAN (continued)

A. General Information about the Pension Plan (continued)

Contributions

Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Contributions for the year ended June 30, 2021, were as follows:

Contribution Type	Miscellaneous Plans		Total
	Classic Tier 1	PEPRA Tier 2	
Contributions – employer	\$ 4,914	\$ 10,304	\$ 15,218
Contributions – members	-	7,369	7,369
	<u>4,914</u>	<u>17,673</u>	<u>22,587</u>

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

Proportionate Share of Net Pension Liability and Pension Expense

The District’s net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2020, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019, rolled forward to June 30, 2020, using standard update procedures. The District’s proportionate share of the net pension liability was based on a projection of the District’s long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The following table shows the District’s proportionate share of the risk pool collective net pension liability over the measurement period for the Miscellaneous Plan for the fiscal year ended June 30, 2020:

Plan Type and Balance Descriptions	Plan Total Pension Liability	Plan Fiduciary Net Position	Change in Plan Net Pension Liability
CalPERS – Miscellaneous Plan:			
Balance as of June 30, 2019 (Measurement Date)	\$ 282,352	\$ 237,655	\$ 44,697
Balance as of June 30, 2020 (Measurement Date)	\$ 310,295	\$ 260,232	\$ 50,063
Change in Plan Net Pension Liability	<u>\$ 27,943</u>	<u>\$ 22,577</u>	<u>\$ 5,366</u>

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 5 – PENSION PLAN (continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

The District’s proportionate share percentage of the net pension liability for the June 30, 2020, measurement date was as follows:

	Percentage Share of Risk Pool		Change Increase/ (Decrease)
	Fiscal Year Ending	Fiscal Year Ending	
	June 30, 2021	June 30, 2020	
Measurement Date	<u>June 30, 2020</u>	<u>June 30, 2019</u>	
Percentage of Risk Pool Net Pension Liability	0.001187%	0.001116%	0.000071%
Percentage of Plan (PERF C) Net Pension Liability	0.000460%	0.000436%	0.000024%

For the year ended June 30, 2021, the District recognized pension expense of \$19,103. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Account Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions made after the measurement date	\$ 15,218	\$ -
Difference between actual and proportionate share of employer contributions	1,460	(113)
Adjustment due to differences in proportions	3,989	-
Differences between expected and actual experience	2,580	-
Differences between projected and actual earnings on pension plan investments	1,487	-
Changes in assumptions	-	(358)
Total Deferred Outflows/(Inflows) of Resources	\$ 24,734	\$ (471)

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, changes of assumptions, and differences between expected and actual experience in the measurement of the total pension liability will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.8 years.

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 5 – PENSION PLAN (continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

An amount of \$24,734 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as a reduction to pension expense as follows:

<u>Amortization Period Fiscal Year Ended June 30</u>	<u>Deferred Outflows/(Inflows) of Resources</u>
2022	\$ 3,502
2023	2,899
2024	1,931
2025	713
Total	<u><u>\$ 9,045</u></u>

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement period ending June 30, 2020 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2019, total pension liability. The June 30, 2020, total pension liability was based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirement of GASB Statement No. 68
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table	Derived using CalPERS' Membership Data for all Funds.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 5 – PENSION PLAN (continued)

both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects long-term expected real rate of return by asset class.

Investment Type¹	New Strategic Allocation	Real Return Years 1 - 10²	Real Return Years 11+³
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
	<u>100.0%</u>		

¹ In the CalPERS's ACFR, fixed income is included in global debt securities; liquidity is included in short-term investments; inflation assets are included in both global equity securities and global debt securities.

² An expected inflation rate-of-return of 2.5% is used for years 1-10.

³ An expected inflation rate-of-return of 2.9% is used for years 11+.

**MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION
IMPROVEMENT DISTRICT**

Notes to Financial Statements

June 30, 2021

NOTE 5 – PENSION PLAN (continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Subsequent Events

There were no subsequent events that would materially affect the results in this disclosure.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability/(asset) of the Plan as of the measurement date, calculated using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15%) or 1 percentage-point higher (8.15%) than the current rate:

Plan Type	Plan's Net Pension Liability/(Asset)		
	Discount Rate -	Current Discount	Discount Rate +
	1% 6.15%	Rate 7.15%	1% 8.15%
CalPERS – Miscellaneous Plan	91,356	\$ 50,063	\$ 15,945

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued CalPERS financial report and can be obtained from CalPERS’ website under Forms and Publications.

C. Payable to the Pension Plans

At June 30, 2021, the District reported no payables for outstanding contributions to the CalPERS pension plan required for the year ended June 30, 2021.

Compensated absences	(5,402)
Pension related	<u>(50,257)</u>
Net Position – June 30, 2020, as restated	<u>\$ 1,083,441</u>

NOTE 7 – DEFERRED COMPENSATION SAVINGS PLAN

For the benefit of its employees, the District participates in an IRS Code Section 457 Deferred Compensation Program. The purpose of this program is to provide deferred compensation for public employees that elect to participate in the program. Eligible employees may defer receipt of a portion of their salary until termination, retirement, death, or unforeseeable emergency. Until the funds are paid or otherwise made available to the employee, the employee is not obligated to report the deferred salary for income tax purposes.

Federal law requires deferred compensation assets to be held in trust for the exclusive benefit of the participants. Accordingly, the District is in compliance with this legislation. Therefore, these assets are not the legal property of the District, and are not subject to claims of the District’s general creditors.

The District has implemented GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Since the District has little involvement and does not perform the investing function for this program, the assets and related liabilities are not shown on the accompanying financial statements.

NOTE 8-JOINT POWERS AUTHORITY (JPA) AND JOINT FUNDING AGREEMENT (JFA)

The Inland Water & Power Commission (IWPC) was formed as a Joint Powers Authority (JPA) to educate and advocate for the water resources in our region. The JPA is not a component unit of the District. \$100,000 was paid to the IWPC during the fiscal year for the Potter Valley Project relicensing planning agreement feasibility study, and other ongoing expenses for legal counsel and consultants. The District is expensing these costs as they are incurred.

The District has a Joint Funding Agreement (JFA) with the United State Department of the Interior- Geological Survey (USGS), for cooperative water resources investigation in Mendocino County. The JFA dated November 1, 2019 and was accepted by the District on August 5, 2019. Total JFA costs for the fiscal year were \$29,551 under this agreement, a portion of which is reimbursed by the North Gualala Water Company.

MENDOCINO COUNTY RUSSIAN RIVER FLOOD CONTROL & WATER CONSERVATION IMPROVEMENT DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 9 – RISK MANAGEMENT POOL (continued)

At June 30, 2021, the District participated in the liability and property programs of the SDRMA as follows:

- General and auto liability, public officials and employees' errors and omissions: Total risk financing self-insurance limits of \$2,500,000, combined single limit at \$2,500,000 per occurrence. The District purchased additional excess coverage layers: \$10,000,000 for general, auto and public officials' liability, which increases the limits on the insurance coverage noted above.

In addition to the above, the District also has the following insurance coverage:

- Employee dishonesty coverage up to \$1,000,000 per loss includes public employee dishonesty, forgery, or alteration and theft, disappearance and destruction coverages.
- Property loss is paid at the replacement cost for property on file, if replaced within three years after the loss, otherwise paid on an actual cash value basis, to a combined total of \$1.0 billion per occurrence, subject to a \$1,000 deductible per occurrence.
- Boiler and machinery coverage for the replacement cost up to \$100 million per occurrence, subject to a \$1,000 deductible per occurrence.
- Public officials' personal liability up to \$2,500,000 each occurrence, with an annual aggregate per each elected/appointed official to which this coverage applies, subject to the terms.

Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years and there were no reductions in the District's insurance coverage during the years ending June 30, 2021, 2020, and 2019. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2021, 2020, and 2019.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

Litigation

In the ordinary course of operations, the District is subject to claims and litigation from outside parties. After consultation with legal counsel, the District believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

NOTE 11 – SUBSEQUENT EVENTS

The District has evaluated subsequent events through August 31, 2022 the date which the financial statements were available to be issued.

Notes to Schedule:

Benefit Changes:

There were no changes in benefits.

Changes in Assumptions:

From fiscal year June 30, 2015 and June 30, 2016:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014, measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015, measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017:

There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018:

The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2019:

There were no significant changes in assumptions.

From fiscal year June 30, 2019 to June 30, 2020:

There were no significant changes in assumptions.

From fiscal year June 30, 2020 to June 30, 2021:

There were no significant changes in assumptions.

*Fiscal year 2014 was the first measurement date year of implementation; therefore, only seven years are shown.

Mortality	Mortality assumptions are based on mortality rates resulting from the most recent CalPERS Experience Study adopted by the CalPERS Board.

*Fiscal year 2015 was the first implementation year; therefore, only seven years are shown.

Other Independent Auditors' Reports

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Mendocino County Russian River Flood Control & Water Conservation Improvement District
Littlerock, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Mendocino County Russian River Flood Control & Water Conservation Improvement District (District), which comprise the balance sheet as of June 30, 2021, the related statement of revenues, expenses and changes in net position and statement of cash flows for the fiscal year then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated August 31, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
