Dear Secretary Reese,

**Re: NOTICE OF INTERVENTION
Potter Valley Hydroelectric Project No. P-77-332 - Application for Surrender of License and
Non-project Use of Project Lands
Applicant: Pacific Gas & Electric Company
Notice of filing MOTION TO INTERVENE by the Mendocino County Russian River
Flood Control and Water Conservation Improvement District**

The Mendocino County Russian River Flood Control and Water Conservation Improvement District (“District”) submits this Notice of Intervention for P-77-332 in response to FERC’s Notice of Application for Surrender of License and Non-project Use of Project Lands Accepted for Filing, Soliciting Comments, Motions to Intervene and Protests re PG&E’s Potter Valley Hydroelectric Project issued October 31, 2025.

The District was formed primarily to manage and put to beneficial use the approximately 8,000 acre feet of water allocated to Mendocino County from the East Fork Russian River and Lake Mendocino. The District has substantial water supply contracts with County Water Districts and Mutual Water Companies for municipal supply, as well as agricultural, commercial, and industrial users within our service area. Diversions from the Eel River through the Potter Valley Project (PVP) provide a substantial portion of this water. Therefore, the District wishes to become a party to this proceeding to ensure the interests of the District’s constituency are represented.
