March 24, 2025

Dear Customers,

RE: Updating the Contract and Regulations & Rules for Water Sales

I hope you are enjoying these few days of sunny spring weather before the next batch of rain! The good news is that Lake Mendocino is filling up nicely to get us through another summer of irrigation.

The District is taking advantage of this little breather to update vital documents that support our smooth running. The Board will be introducing a revised **Uniform Water Supply & Purchase Agreement** and a revised **Ordinance Establishing Regulations and Rules For Water Sales**, which is an update from the 2000 Ordinance.

You can find copies of these proposed documents on the District website linked below. Feel free to reach out to me with any questions and your comments are also welcome at the Board Meeting on April 7, 2025 when the Board introduces the two proposed documents. It is expected the approval of the two updated documents will be on the May 4th Board Meeting agenda.

Feel free to call me with any questions.
